Board of Trustees

Policies BA, BB series, BD series, and BE series

Texas law grants the board of trustees the power to govern and oversee the management of the District's schools. The board is the policy-making body within the District and has overall responsibility for the curriculum, school taxes, annual budget, employment of the superintendent and other professional staff, and facilities. The board has complete and final control over school matters within limits established by state and federal laws and regulations.

The board of trustees is elected by the citizens of the District to represent the community's commitment to a strong educational program for the District's children. Board members serve without compensation, must be qualified voters, and must reside in the District.

The board usually meets on the 3rd Monday of each month at 6:00 p.m. in the auditorium of the SFDR CISD - Student Performance Center and Administration Building located at 315 Griner St., Del Rio, Texas. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted in message board in front of the Student Performance Center and Administration Building and posted on the District website at www.sfdr-cisd.org at least 72 hours before the scheduled meeting time. Board meetings and agendas are also released to the local media. The written notice will show the date, time, place, and subjects of each meeting. In emergencies, a meeting may be held within a two-hour notice.

All meetings are open to the public. In certain circumstances, Texas law permits the board to go into a closed session from which the public and others are excluded. Closed session may occur for such things as discussing prospective gifts or donations, real-property acquisition, certain personnel matters including employee complaints, security matters, student discipline, or consulting with attorneys regarding pending litigation.

EMPLOYMENT

Equal Employment Opportunity

Policies DAA, DIA

In its efforts to promote nondiscrimination and as required by law, SFDR CISD does not discriminate against any employee or applicant for employment because of race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, age, disability, military status, genetic information, or on any other basis prohibited by law. Additionally, the District does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

In accordance with Title IX, the District does not discriminate on the basis of sex and is prohibited from discriminating on the basis of sex in its educational programs or activities. The prohibition against discriminating extends to employment. Inquiries about the application of Title IX may be referred to the District's Title IX coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The District designates and authorizes the following employee as the Title IX coordinator for employees to address concerns or inquiries regarding discrimination based on sex, including sexual harassment: Sandra Hernandez, Chief Administrative Officer, 315 Griner Street, Sandra.hernandez@sfdrcisd.org, and (830) 778-4073. Reports can be made at any time and by any person, including during non-business hours, by mail, email, or phone. During district business hours, reports may also be made in person.

The District designates and authorizes the following employee as the ADA/Section 504 coordinator for employees for concerns regarding discrimination on the basis of a disability: Monica Luna, Special Education Director, 400 E. 17th Street, monica.luna@sfdrcisd.org, and (830) 778-4253.

Job Vacancy Announcements

Policy DC

Announcements of job vacancies by position and location are posted on a regular basis to the District's website at www.sfdrcisd.org.

Employment after Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS publication *Employment after Retirement*. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS Website (www.trs.texas.gov).

Contract and Noncontract Employment

Policy *DC* series

State law requires the District to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at-will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the District.

Probationary Contracts. Nurses and full-time professional employees new to the District and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in district employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts. The probationary period for those who have been employed as a teacher in public education for at least five of the eight years preceding employment with the District may not exceed one school year.

For those with less experience, the probationary period will be three school years, (i.e., three one-year contracts) with an optional fourth school year if the board determines it is doubtful whether a term or continuing contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. Teachers employed before the 1994 school year are employed by continuing contract. Teachers employed after that date are employed by term contracts. Campus principals and central office administrators are employed under multi-year (3 year) term contracts. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract. Employment policies can be accessed online at www.sfd-r-cisd.org under Board of Trustees. Any questions regarding contracts should be addressed to the Department of Human Resources.

Noncertified Professional and Administrative Employees. Employees in professional and administrative positions that do not require SBEC certification (such as non-instructional administrators) are employed by a Non-Chapter 21 probationary or term contract. Employment is not for any specified term and may be terminated at any time by either the employee or the District unless approved by the Superintendent.

Paraprofessional and Auxiliary Employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the District.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or a professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation that they have passed the required certification exam and/or obtained or renewed their credentials to The Department of Human Resources in a timely manner. Employees licensed by the Texas Department of Licensing and Regulations (TDLR) must notify The Department of Human Resources when there is action against, or revocation of, their license.

A certified employee's contract may be voided without Chapter 21 due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact Human Resources Information Systems Coordinator, at 830-778-4055, if you have any questions regarding certification or licensure requirements.

Recertification of Employment Authorization

Policy DC

At the time of hire all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization. Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact Chief Human Resources Officer, at 830- 778-4045, if you have any questions regarding reverification of employment authorization. Failure to verify employment authorization may result in termination.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

Non-investigatory searches in the workplace, including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the District reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include drug and alcohol testing if the suspected violation relates to drug or alcohol use. The District may search the employee, the employee's personal items, and work areas including district-owned technology resources, lockers, and private vehicles parked on district premises or work sites or used in district business. Disciplinary action, up to and including termination, may result if an employee refuses to submit to testing or is found to violate district policy.

Employees Required to Have a Commercial Driver’s License. Any employee whose duties require a commercial driver’s license (CDL) is subject to alcohol and drug testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted if an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the District’s policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug testing policies and related educational material should contact Mrs. Sandra Hernandez, Chief Administrative Officer at 830- 778-4073.

Health Safety Training

Policies DBA, DMA

Certain employees who are involved in physical activities for students must maintain and submit to the District proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), concussion, and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to Brad Dixon, Head Athletic Trainer. All nurses will submit their certification of training to Mrs. Sandra Hernandez, Chief Administrative Officer, Information on Texas Education Agency (TEA) requirements is available at the TEA website at <http://ritter.tea.state.tx.us/taa/health042109.html>.

Reassignments and Transfers

Policy DK, DK Regulation

All personnel are subject to assignment and reassignment by the superintendent or designee when the superintendent or designee determines that the assignment or reassignment is in the best interest of the District. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments must be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the District process for employee complaints as outlined in this handbook and district policy *DGBA(Local)*.

An employee with the required qualifications for a position may apply for another campus or department vacancy. If selected for a transfer position, during the school year, the recommendation will be considered only when the change will not adversely affect students and after a replacement has been found. All transfer requests will be coordinated by the Department of Human Resources and must be approved by the Superintendent.

We follow policy DK for transfers. *Please see DK (Regulation)*

Workload and Work Schedules

Policies DEAB, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the District. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation, including conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The District may require teachers to supervise students during lunch when no other personnel are available or during state testing.

Paraprofessional and Auxiliary Employees. Support employees are employed at will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees must be compensated for overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor. See Overtime Compensation on page 12 for additional information.

Breaks for Expression of Breast Milk

Policies DEAB, DG

The District supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk. A place, other than a multiple user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. For nonexempt employees, these breaks are unpaid and are not counted as hours worked. Employees should meet with their supervisor to discuss their needs and arrange break times.

The Providing Urgent Maternal Protections of Nursing Mothers Act (PUMP Act) requires an employee to notify the district if they believe the district is out of compliance in providing breaks for a nursing mother. The employee must give the district 10 days to come into compliance before making any claim of liability against the district. An employee with concerns should contact Rachel Garcia, Employee Benefits and Support Service Coordinator, 830-778-4020.

Pregnant Workers Fairness Act

The Pregnant Workers Fairness Act (PWFA) provides consideration of accommodations to employees who have known limitations related to pregnancy, childbirth, or related medical conditions. An employee seeking a PWFA accommodation should contact Rachel Garcia, Employee Benefits and Support Service Coordinator, 830-778-4020, to begin the interactive process.

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the District is required by the Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification status can call the Human Resources Coordinator, at 830-778-4071.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the District. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned supervisor at least annually. Written evaluations will be completed on forms approved by the District. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Upon receiving a report, a nursing review committee may review a nurse's nursing services, qualifications, and quality of patient care, as well as the merits of a complaint concerning a nurse, and a determination or recommendation regarding a complaint. A nurse may request, orally or in writing, a determination by the committee regarding conduct requested of the nurse believed to violate the nurse's duty to a patient.

Employee Involvement

Policies BQA, BQB

At both the campus and district levels, SFDRICISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the District. As part of the District's planning and decision-making process, employees are elected to serve on district- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from the Superintendent's office.

Staff Development

Policy DMA

Staff development activities are organized to meet the needs of employees and the District. Staff development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Staff development for non-instructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development.

Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

COMPENSATION AND BENEFITS

Salaries, Wages, and Stipends

Policies DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The District's pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or nonexempt according to federal law. Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation. Other employees are generally classified as nonexempt and are paid an hourly wage or salary and receive compensatory time or overtime pay for each overtime hour worked beyond 40 in a workweek. (See *Overtime Compensation*, page 12).

All employees will receive written notice of their pay and work schedules before the start of each school year. Classroom teachers, full-time librarians, full-time nurses, and full-time counselors will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the District's extra-duty pay schedule.

Employees should contact the Department of Payroll at 830-778-4026 for more information about the District's pay schedules or their own pay.

Automatic Payroll Deposit

Employees will have their paychecks electronically deposited into a designated account at the financial institution of their choice, if that financial institution provides the service. A notification period of seven (7) days is necessary to activate this service. All employees are paid semi-monthly. An employee's payroll statement can be attained through Skyward Employee Access on the District's website home page at www.sfdr-cisd.org. The statement will include detailed information on all payroll transactions. Contact the Payroll Department at 830-778-4026 for more information about the automatic payroll deposit service.

Payroll Deductions

Policy CFEA

The District is required to make the following automatic payroll deduction:

Automatic payroll deductions:

- Teacher Retirement System of Texas (TRS)
- Federal income tax required for all full-time employees
- 457B Plans for Substitutes
- Medicare tax (applicable only to employees hired after March 31, 1986)
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable

Other payroll deductions employees may elect include deductions for the employee's share of premiums for health, dental, life, and vision insurance; annuities; and higher education savings plans or prepaid tuition programs. Employees also may request payroll deduction for payment of membership dues to professional organizations and salary deductions are automatically made for unauthorized or unpaid leave. Other voluntary deductions may be made for:

- Approved insurance programs
- Annuities/deferred compensation programs
- Other cafeteria plan options authorized by the Internal Revenue Service

- Teacher Organizations
- Prepaid tuition plans

Local days are allocated at the beginning of the school year, but will be reviewed at year end to verify the amount of days actually worked. If an employee did not work at least 180 days of their contracted days of employment, they will be docked for days not earned at their daily rate.

Overpayments. Employees are not entitled to any funds the district overpays. An agreement between an employee and the district must be in place in order to deduct any overpayment from one or more paychecks if an overpayment occurs.

Overtime Compensation

Policies *DEAB*, *DEC*

The District compensates overtime for nonexempt employees in accordance with federal wage and hour laws. Only nonexempt employees (hourly employees and paraprofessional employees) are entitled to overtime compensation. Nonexempt employees are not authorized to work beyond their normal work schedule without advance approval from their supervisor. A nonexempt employee who works overtime without prior approval will be subject to disciplinary action up to and including termination.

Overtime is legally defined as all hours worked in excess of 40 hours in a workweek and is not measured by the day or by the employee's regular work schedule. Non-exempt employees that are paid on a salary basis are paid for a 40-hour workweek and do not earn additional pay unless they work more than 40 hours. For the purpose of FLSA compliance, the workweek for District employees begins at 12:00 a.m. Saturday and ends at 11:59 p.m. Friday. Use of comp time may be at the employees request with supervisor approval as work load permits, or at the supervisor's direction.

Employees may be compensated for overtime (i.e., hours beyond 40 in a workweek) at time-and-a-half rate with compensatory time off (comp time) or direct pay. The following applies to all nonexempt employees:

- Employees can accumulate up to 60 hours of compensatory time.

A non-exempt employee is generally an employee whose job duties do not fall into the executive, administrative, or professional category.

- District salaried nonexempt employees working **more than 40 hours** in the same workweek shall be entitled to **compensatory time** off at one and one-half hours for each overtime hour worked.
- Compensatory time earned by nonexempt employees may not accumulate beyond a maximum of 60 hours. If an employee has a balance of more than 60 hours of overtime, the employee is required to take the compensatory time off.
- Each workweek stands alone in computing compensatory entitlements. Workweeks cannot be consolidated or averaged to determine compensatory time during a pay period.

- Supervisors of nonexempt employees must obtain **advanced approval** from the Superintendent authorizing an employee to work paid overtime. The request must be submitted in writing, and must include the reason for the overtime and the anticipated length of overtime. Supervisors must communicate to employees the form of compensation approved for overtime, **prior** to the performance of the work.
- Compensatory time cannot be waived by voluntary agreement between the employee and the employee's supervisor. A non-exempt employee cannot donate overtime or agree to a reduced rate of compensatory time.
- *Fair Labor Standards Act* regulations require employers to establish and to enforce policy against off-the clock or unauthorized work.
- It is the responsibility of the employee's supervisor to control the number of hours worked beyond the regular workday.
- Duty hours for **all instructional personnel shall be from 7:30 a.m. to 4:00 p.m.** unless otherwise specified by the principal or supervisor.
- Insignificant time (up to 10 minutes) beyond scheduled working hours may be disregarded in recording working (*de minimis rule*).
- Meal periods of over 30 minutes are non-compensable time if employee is relieved of all duty and responsibility.

If a non-exempt employee is terminated or the employee resigns, he/she will be paid for any unused compensatory time at a rate not less than the average rate received by the employee during the last three years of employment or the final regular rate of pay received, whichever is higher.

- Nonexempt employees working overtime without prior approval will be subject to disciplinary action as follows
 - The first offense will merit a written warning.
 - The second offense will merit a one-day suspension without pay.
 - The third offense will merit possible termination.
- When an employee "Adjusts" their timesheet for any reason, the employee is responsible for notifying their supervisor through electronic mail.
- Falsification of records regarding time worked, including overtime, will be considered good cause for immediate termination. Actual time worked must be recorded.
- Compensatory time records with appropriate documentation and signatures from the employee and the administrator authorizing the overtime must be submitted along with the employee's timesheet to the Payroll Office.
- Employees shall record compensatory time on a common form provided by the District.
- When compensatory time is taken time sheets must clearly state "compensatory time used," and must be submitted to the payroll office along with appropriate compensatory time record.
- Compensatory time must be used in the duty year that it is earned.
- Use of comp time may be at the employee's request with supervisor approval, as workload permits, or at the supervisor's direction.
- An employee is required to use comp time before using available paid leave (e.g., sick, personal, vacation).
- Weekly time records will be maintained on all nonexempt employees for the purpose of wage and salary administration.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee's supervisor and appropriate program director must give approval. For approved travel, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the District. Employees must submit receipts, to the extent possible, to be reimbursed for allowable expenses other than mileage.

Health, Dental and Life Insurance

Policy CRD

Group health insurance coverage is available to all full-time and part-time (at least 30 work hours per week) employees. The District's contribution to its employee self-funded health care plan premiums is determined annually by the board of trustees. Detailed descriptions of insurance coverage, prices, and eligibility requirements are provided to all employees in a separate booklet entitled Employee Benefits Guide found in District website at www.sfdrcisd.org using the following links:

- Human Resources
- Employee Benefits

The health insurance plan year is from January 1st through December 31st. New employees must complete enrollment forms within the first 30 days of employment. Current employees can make changes in their health care plan coverage during the open enrollment period which is usually held in the month of October. Changes to health plan coverage can also be made when a qualifying event occurs, such as, birth of a child, divorce, loss of other health coverage, etc. **However, the change must be made within 30 days of the date of the qualifying event.** Employees should contact the Employee Benefits/Support Services Coordinator at (830) 778-4100.

Supplemental Insurance Benefits

Policy CRD

At their own expense, employees may enroll in supplemental insurance programs, as available. Brown & Brown, Inc. has been approved by the School Board as our Insurance Consultant for district employee supplemental insurances. Premiums can be paid by payroll deduction. Employees should contact the Employee Benefits/Support Services Coordinator at 830-778-4100 for more information.

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., disability, accidental death and dismemberment, cancer and critical illness, dental, and vision care. A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period. Premiums carried under Section 125 cannot be dropped except during the employee benefits open enrollment period.

Workers' Compensation Insurance

Policy CRE

The District, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The District has workers' compensation coverage previously with Texas Association of School Boards (TASB), since September 1, 2003, and is now up for bid.

Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work related accidents or injuries should be reported immediately to the campus/work and/or campus nurse location supervisor. Employees who are unable to work due to a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code.

See *Workers' Compensation* benefits, page 25 for information on use of paid leave for such absences. The District offers a return to work light duty program for eligible employees.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. **Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service.** Employees with questions about unemployment benefits should contact the Employee Benefits/Support Services Coordinator at 830-778-4100 or the Texas Workforce Commission at 800-558-8321.

Teacher Retirement

Policy DEC

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Substitutes not receiving TRS service retirement benefits who work at least 90 days a year are eligible to purchase a year of creditable service in TRS. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify TRS as soon as possible. Information on the application procedures for TRS benefits is available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the web (www.trs.texas.gov). See page 4 for information on restrictions of employment of retirees in Texas public schools. (www.trs.texas.gov).

Reimbursement for Leave upon Retirement: The following leave provisions shall apply to local leave earned beginning on the original effective date of this program.

A full-time employee who retires from the District shall be eligible for reimbursement for local leave under the following conditions:

1. The employee's retirement is voluntary, i.e., the employee is not being discharged or non-renewed.
2. The employee is eligible for monthly retirement benefits from the Teacher Retirement system of Texas (TRS).

The employee shall be reimbursed for each day of unused local leave, to a maximum of 60 days at the rate established by the Board at the time of retirement.

The rate established by the Board shall be in effect until the Board adopts a new rate. Any changes to the rate shall apply beginning with the school year following the adoption of the rate change.

If the employee is reemployed with the District, days for which the employee received payment shall not be available to that employee.

In the event of an employee's death, who would otherwise have been eligible for reimbursement for leave upon retirement, such reimbursement shall be paid to the estate of the deceased employee.

LEAVES AND ABSENCES

Policies DEC, DECA, DECB

The District offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should contact the Employee Benefits/Support Services Coordinator at (830) 778-4100 for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the District.

Paid leave must be used in half day increments. Earned comp time must be used before any available paid state and local leave. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

1. Nonduty and paid vacation days, if applicable. [See DED(LOCAL)]
2. Local leave
3. State sick leave accumulated before the 1995-96 school year.
4. State personal leave.
5. Personal Illness

If an employee has exhausted all of their available leave as indicated above, and the employee is in need of additional leave, then daily dock leave may be granted for up to five consecutive days.

Employees must follow district and department or campus procedures to report or request any leave of absence and complete the appropriate leave request form. Any employee who is absent more than five (5) days because of a personal or family illness must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and in the case of personal illness - the employee's fitness to return to work. Paid leave must be used in ½ day or full day increments. Any unapproved absences or absences beyond accumulated or available paid leave shall result in deduction from the employee's pay.

If an hourly employee does not report or request leave of absence(s) according to district procedures, the incident is considered a "no call/no show". An employee who is absent for 2 consecutive days without notice is considered to have abandoned their job and may face disciplinary consequences up to and including termination.

Employees on an approved leave of absence other than family and medical leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the District as they were prior to the leave. Otherwise, the District does not pay any portion of insurance premiums for employees who are on unpaid leave.

Immediate Family. For purposes of leave other than family and medical leave, immediate family is defined as the following:

- Spouse
- Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands in loco parentis.
- Parent, stepparent, parent-in-law, or other individual who stands in loco parentis to the employee.
- Sibling, stepsibling, and sibling-in-law
- Grandparent and grandchild
- Any person residing in the employee's household at the time of illness or death

For purposes of family and medical leave, the definition of family is limited to spouse, parent, son or daughter, and next of kin. The definition of these are found in Policy DECA (LEGAL).

Medical Certification. Any employee who is absent more than five (5) days because of a personal or family illness must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and in the case of personal illness the employee's fitness to return to work.

The District may require medical certification due to an employee's questionable pattern of absences or when deemed necessary by the supervisor or superintendent. The District may also request medical certification when an employee requests leave under the Family and Medical Leave Act (FMLA) for the employee's serious health condition, a serious health condition of the employee's spouse, parent, or child, or for military caregiver leave.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance. Employees on an approved leave of absence other than family and medical leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the [FMLA](#) will be paid by the District as they were prior to the leave. Otherwise, the District does not pay any portion of insurance premiums for employees who are on unpaid leave.

Personal Leave

State law entitles all employees to five days of paid personal leave per year. Personal leave is available for use at the beginning of the year. A day of personal leave is equivalent to the number of hours per day in an employee's usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school districts, and generally transfers to education service centers. Personal leave may be used for two general purposes: nondiscretionary and discretionary.

There are two types of personal leave: nondiscretionary and discretionary.

Nondiscretionary: Leave taken for personal or family illness, family emergency, a death in the family, or active military service, birth or placement of a child and taken within the first year after the child's birth, adoption, or foster placement is considered nondiscretionary. Reasons for this type of leave allow very little if any, advance planning. Nondiscretionary may be used in the same manner as state sick leave.

Schedule Limitations: Discretionary leave shall not be allowed on the day before a school holiday, the day after a school holiday, days scheduled for end-of-semester or end-of-year exams, days scheduled for state-mandated assessments, professional or staff development days, or the last contract day, except in extenuating circumstances as determined by the Superintendent or designee.

Discretionary leave shall not be allowed on the following days during regular days of instruction (ex: August-May):

1. The day before or after a District holiday;
2. Days scheduled for end-of-semester or end-of-year exams, or state-mandated assessments;
3. Professional or staff development days (ex: RTI Planning Days);
4. The employee's last contract day, or when such leave would result in accumulation of work hours beyond the minimum number of assignment hours associated with an employee's position.

The Superintendent or designee (employee's principal or assigned supervisor) will approve the use of discretionary leave during non-allowed days described above for special or difficult events such as a wedding, graduation, military training, retirement, or funeral, when these events directly involve an employee's relative by consanguinity or affinity. For all other reasons, discretionary leave will not be granted to an employee choosing to be absent from work during the non-allowable days. An employee will be docked pay if he/she takes an unauthorized discretionary leave during a non- allowable workday.

Duration of Leave: Discretionary use of leave shall not exceed five consecutive workdays except in extenuating circumstances as determined by the Superintendent or Superintendent's designee.

Discretionary: Leave taken at an employee's discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary personal leave must submit the initial request to his or her principal or supervisor 30 days in advance of the anticipated absence then submit the request to the Employee Benefits Department for Superintendent approval. The effect of the employee's absence on the educational program or department operations, as well as the availability of substitutes, will be considered by the principal or supervisor.

Leave Proration: If an employee separates from employment with the District before his or her last duty day of the year, or begins employment after the first duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee’s immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Local Leave

All employees shall earn local leave days, in accordance with Administrative regulations and the following:

Local leave shall accumulate without limit.

Local leave shall be used according to the terms and conditions of state personal leave. (See STATE PERSONAL LEAVE, above)

EMPLOYEE LEAVE DAYS

Position	Contract Length	Local Leave
All Employees	10 month	5 days
	11 month	6 days
	12 month	7 days

Use and recording: Local sick leave, if any, shall be used before or after state sick leave accumulated prior to the 1995-1996 school year and under the terms and conditions applicable to such state sick leave, except as otherwise provided by this policy.

Local sick leave may also be used for first-year care following the birth or adoption of an employee’s son or daughter or the placement of a child with the employee for foster care.

Earned compensatory time shall be used before any available paid state and local leave. Policy DEAB

Unless an employee requests a different order, available paid state and local leave shall be used in the following order, as applicable:

1. Nonduty and paid vacation days, if applicable. [See DED(LOCAL)]
2. Local leave
3. State sick leave accumulated before the 1995-96 school year.
4. State personal leave.
5. Personal Illness

If an employee has exhausted all of their available leave as indicated above, and the employee is in need of additional leave, then daily dock leave may be granted for up to five consecutive days.

Leave Transfer Program: A full-time employee may transfer fully paid local leave days to another employee who suffers from a catastrophic illness or injury and has exhausted all paid leave and vacation days. A request for transfer of days must be submitted in writing to the governing committee on a District form.

Non-Duty/Vacation Days

Policy *DED (LOCAL)*

Professional, paraprofessional, and auxiliary employees in positions normally requiring 12 months of service shall have unscheduled non-duty days, which shall be the days remaining in the year after holidays and scheduled duty days have been satisfied. The total number of non-duty days may vary from year to year depending on the school calendar.

An employee shall use non-duty days by June 30 of the school year in which they are earned. An employee may carryover non-duty days from the previous school year only.

Non-duty days may be taken at any time of the year and shall be taken at such times when it will least interfere with the performance of the employee's duties. The only exception shall be for the days that are assigned for District office closings in which the employee must use non-duty days.

Auxiliary employees who work a 261-day work schedule are entitled to paid vacation days each year. Vacation days must be approved in advance by the employee's supervisor, and the days must be taken by the end of the employee's annual work schedule.

Family and Medical Leave Act (FMLA)—General Provisions

The following text is from the federal notice, Your Employee Rights Under the Family and Medical Leave Act. Specific information that the District has adopted to implement the FMLA follows this general notice.

What is FMLA leave?

The Family and Medical Leave Act (FMLA) is a federal law that provides eligible employees with job-protected leave for qualifying family and medical reasons.

The U.S. Department of Labor's Wage and Hour Division (WHD) enforces the FMLA for most employees. Eligible employees can take **up to 12 workweeks** of FMLA leave in a 12-month period for:

- The birth, adoption or foster placement of a child with you,
- Your serious mental or physical health condition that makes you unable to work,
- To care for your spouse, child or parent with a serious mental or physical health condition, and
- Certain qualifying reasons related to the foreign deployment of your spouse, child or parent who is a military servicemember.

An eligible employee who is the spouse, child, parent or next of kin of a covered servicemember with a serious injury or illness **may take up to 26 workweeks** of FMLA leave in a single 12-month period to care for the servicemember.

You have the right to use FMLA leave in **one block of time**. When it is medically necessary or otherwise permitted, you may take FMLA leave **intermittently in separate blocks of time, or on a reduced schedule** by working less hours each day or week. Read Fact Sheet #28M(c) for more information.

FMLA leave is **not paid leave**, but you may choose, or be required by your employer, to use any employer-provided paid leave if your employer's paid leave policy covers the reason for which you need FMLA leave.

Am I eligible to take FMLA leave?

You are an **eligible employee** if *all* of the following apply:

- You work for a covered employer,
- You have worked for your employer at least 12 months,
- You have at least 1,250 hours of service for your employer during the 12 months before your leave, and
- Your employer has at least 50 employees within 75 miles of your work location

Airline flight crew employees have different "hours of service" requirements.

You work for a **covered employer** if **one** of the following applies:

- You work for a private employer that had at least 50 employees during at least 20 workweeks in the current or previous calendar year,
- You work for an elementary or public or private secondary school, or
- You work for a public agency, such as a local, state or federal government agency. Most federal employees are covered by Title II of the FMLA, administered by the Office of Personnel Management

How do I request FMLA leave?

Generally, **to request FMLA leave you must:**

- Follow your employer's normal policies for requesting leave,
- Give notice at least 30 days before your need for FMLA leave, or
- If advance notice is not possible, give notice as soon as possible.

You **do not have to share a medical diagnosis** but must provide enough information to your employer so they can determine whether the leave qualifies for FMLA protection. You **must also inform your employer if FMLA leave was previously taken** or approved for the same reason when requesting additional leave.

Your **employer may request certification** from a health care provider to verify medical leave and may request certification of a qualifying exigency.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

State employees may be subject to certain limitations in pursuit of direct lawsuits regarding leave for their own serious health conditions. Most federal and certain congressional employees are also covered by the law but are subject to the jurisdiction of the U.S. Office of Personnel Management or Congress

What does my employer need to do?

If you are eligible for FMLA leave, your employer **must**:

- Allow you to take job-protected time off work for a qualifying reason,
- Continue your group health plan coverage while you are on leave on the same basis as if you had not taken leave, and
- Allow you to return to the same job, or a virtually identical job with the same pay, benefits and other working conditions, including shift and location, at the end of your leave.

Your employer **cannot interfere with your FMLA rights** or threaten or punish you for exercising your rights under the law. For example, your employer cannot retaliate against you for requesting FMLA leave or cooperating with a WHD investigation.

After becoming aware that your need for leave is for a reason that may qualify under the FMLA, your employer **must confirm whether you are eligible** or not eligible for FMLA leave. If your employer determines that you are eligible, **your employer must notify you in writing**:

- About your FMLA rights and responsibilities, and
- How much of your requested leave, if any, will be FMLA-protected leave.

Where can I find more information?

Call **1-866-487-9243** or visit **dol.gov/fmla** to learn more.

If you believe your rights under the FMLA have been violated, you may file a complaint with WHD or file a private lawsuit against your employer in court. **Scan the QR code to learn about our WHD complaint process.**

Catastrophic, Illness or Injury: A catastrophic illness or injury is a severe condition or combination of conditions affecting the mental or physical health of the employee or a member of the employee's immediate family that requires the services of a licensed practitioner for a prolonged period of time and that forces the employee to exhaust all leave time earned by that employee and to lose compensation from the District. Such conditions typically require

prolonged hospitalization or recovery or are expected to result in disability or death. Conditions relating to pregnancy or childbirth shall be considered catastrophic if they meet the requirements of this paragraph.

Limitations to Leave Transfers: Effective September 1, 2016, the total number of days transferred must not lower the contributing employee's total accumulation of local leave below ten days. An eligible employee may receive no more than 30 local leave days per school year.

Local Procedures for Implementing Family and Medical Leave Provisions

Policy DEC(LOCAL)

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period from the state's fiscal year July 1 through June 30.

Use of Paid Leave. FML runs concurrently with accrued sick and personal leave, temporary disability leave, compensatory time, assault leave, and absences due to a work-related illness or injury. The District will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently.

Combined Leave for Spouses. Spouses who are employed by the District are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregiver leave for spouses is limited to a combined total of 26 weeks.

Intermittent Leave. When medically necessary or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The District does not permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for adoption or placement of a child with the employee.

Fitness for Duty. An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from the health care provider. When leave is taken for the employee's own serious health condition, the certification must address the employee's ability to perform essential job functions. The District shall provide a list of essential job functions (e.g., job description) to the employee with the FML designation notice to share with the health care provider. Fitness for duty is not required when an employee returns to work following leave to care for a family member with a serious health condition; to care for a child following birth, adoption, or foster care placement; or for qualifying exigency leave.

Reinstatement. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on family and medical leave until the end of the semester. The additional time off is not counted against the employee's FML entitlement, and

the District will maintain the employees group health insurance and reinstate the employee at the end of the leave according the procedures outlined in policy (see DECA (LEGAL)).

Failure to Return. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the District may require the employee to reimburse the District's share of insurance premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the District, the District may not require the employee to reimburse the District's share of premiums paid.

District Contact. Employees that require FML or have questions should contact the Employee Benefits/Support Services Coordinator at (830) 778-4100 for details on eligibility, requirements, and limitations.

Temporary Disability Leave

Certified Employees: Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability.

Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the board of trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, Employee Support Services should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven calendar days.

An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use accumulated sick leave or any other paid leave benefits. An employee choosing to use paid leave will not receive workers' compensation weekly income benefits until all paid leave is exhausted or to the extent that paid leave does not equal the pre-illness or -injury wage. If the use of paid leave is not elected, then the employee will only receive workers' compensation wage benefits for any absence resulting from a work-related illness or injury, which may not equal his or her pre-illness or -injury wage.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person non-responsible for purposes of criminal liability. An incident involving an assault is a work-related injury and should be immediately reported to the Employee Benefits Support Services Coordinator at (830)778-4100.

An employee who is physically assaulted at work may take all the leave time medically necessary (up to two years) to recover from the physical injuries he or she sustained. At the request of an employee, the District will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits. Upon investigation the District may change the assault leave status and charge leave used against the employee's accrued paid leave. The employee's pay will be adjusted if accrued paid leave is not available.

Jury Duty

Policies DEC, DG

Employees will receive leave with pay and without loss of accumulated leave for jury duty. Employees must present documentation of the service.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees may be required to submit documentation of their need for leave for court appearances.

Absences for court appearances related to an employee's personal business shall be deducted from the employee's leave or, at the option of the employee, shall be taken as leave without pay.

Truancy Court Appearances

An employee who is a parent, guardian of a child, or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The District will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the District. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Military Leave

Paid Leave for Military Service. Any employee who is a member of the Texas National Guard, Texas State Guard, reserve component of the United States Armed Forces, or a member of a state or federally authorized Urban Search and Rescue Team is entitled to 15 days of paid leave per fiscal year when engaged in authorized training or duty orders by proper authority. An additional seven days of leave per fiscal year are available if called to state active duty in response to a disaster. In addition, an employee is entitled to use available state and local personal or sick leave during a time of active military service

Reemployment after Military Leave: Employees who leave the District to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably discharged. Employees who wish to return to the District will be reemployed provided they can be qualified to perform the required duties. Employees returning to work following military leave should contact the Employee Benefits Support Services Coordinator at (830)778-4100. In most cases, the length of federal military service cannot exceed five years, and the employee must apply for reemployment within the period of time specified in law. The full text of the notice as published by the U.S. Department of Labor (DOL): http://www.dol.gov/vets/programs/userra/userra_private.pdf

Employees should contact the Employee Benefits/Support Services Coordinator at 830-778-4100 for details on eligibility, requirements, and limitations.

Policy DEC (LOCAL)

The Superintendent shall develop regulations regarding quarantine leave that address the following:

1. Continuation of all employment benefits and compensation for the duration of the leave;
2. Reimbursement for reasonable costs related to the quarantine; and

If necessary, the leave shall continue for at least one year.

If unable to return to work at the end of the paid leave and any extension, a police officer may use accumulated sick, vacation, and other accrued leave before being placed on unpaid temporary leave. At the end of temporary leave, the police officer will be reinstated at the same rank and with the same seniority the person had before going on temporary leave.

EMPLOYEE RELATIONS AND COMMUNICATIONS

Employee Recognition and Appreciation

Continuous efforts are made throughout the year to recognize employees who make an extra effort to contribute to the success of the District. Employees are recognized at board meetings, in the District newsletter, and through special events and activities. Recognition and appreciation activities also include Teacher of the Week, Teacher of the Year and Teacher Appreciation Celebration.

District Communications

Throughout the school year, the Superintendent's office publishes newsletters, brochures, fliers, calendars, news releases, and other communication materials. These publications offer employees and the community information pertaining to school activities and achievements.

COMPLAINTS AND GRIEVANCES

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the board has adopted an orderly grievance process that all employees must follow when bringing formal complaints and grievances. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time. The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the board of trustees. For ease of reference, the District's parent/child and employee complaint forms can be requested from the Superintendent's office or can be obtained on-line at www.sfdr-cisd.org using the following links:

Discrimination, Harassment, and Retaliation

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees, unpaid interns, student teachers, or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons, including board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action up to and including termination.

Any district employee who believes that he or she has experienced prohibited conduct based on sex, including sexual harassment, or believes that another employee has experienced such prohibited conduct, should immediately report the alleged acts. The employee may report the alleged acts to his or her supervisor, the campus principal, the Title IX coordinator, or the superintendent. A complaint against the superintendent may be made directly to the board. The District's Title IX coordinator's name and contact information is listed in the Equal Employment Opportunity section of this handbook.

The District's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is located in *DIA* local in the on-line board policy manual at www.sfdr-cisd.org using the following links:

Harassment of Students

Policies DH, DHB, FFG, FFH, FFI

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and district employees are prohibited.

Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate district official. Any district employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct based on sex, including sexual harassment, of a student shall immediately notify the District's Title IX coordinator, the ADA/Section 504 coordinator, or superintendent and take any other steps required by district policy.

All allegations of prohibited harassment or abuse of a student by an employee or adult will be reported to the student's parents and promptly investigated. An employee who knows of or has reasonable cause to believe that child abuse or neglect occurred child abuse must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. See *Reporting Suspected Child Abuse*, page 34 and *Bullying*, page 52 for additional information. Employees with questions or concerns relating to the alleged sexual harassment of a student should contact the Chief Administrative Officer at 830-778-4073. Refer to DHB (Legal), FFH (LOCAL) and FFH (Regulation) by accessing the on-line board policy at www.sfdr-cisd.org using the following links:

Reporting Suspected Child Abuse

Policies DG, FFG, GRA

All employees with reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect, as defined by Texas Family Code §261.001, are required by state law to make a report to a law enforcement agency, Child Protective Services (CPS), or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering the facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must be reported to CPS.

Employees are also required to make a report if they have reasonable cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child, elderly person, or person with a disability.

Reports to Child Protective Services can be made Online at <https://www.txabusehotline.org/Login/Default.aspx> or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the District is prohibited from taking an adverse employment action against a certified or licensed professional who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to make the required report may result in prosecution as a Class A misdemeanor. The offense of failure to report by a professional may be a state jail felony if it is shown the individual intended to conceal the abuse or neglect. In addition, a certified employee's failure to report may result in disciplinary procedures by SBEC for a violation of the Texas Educators' Code of Ethics.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The District has established a plan for addressing sexual abuse and other maltreatment of children, which may be accessed at Exhibit FFG. As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who has reasonable cause to believe that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect following the procedures described above in *Reporting Suspected Child Abuse*. Refer to Exhibit FFG by accessing the on-line board policy at www.sfdr-cisd.org using the following links:

- Board of Trustees
- Board Policy Manual

Reporting Crime

Policy DG

The Texas Whistleblower Act protects district employees who make good faith reports of violations of law by the District to an appropriate law enforcement authority. The District is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Scope and Sequence

Policy DG

If a teacher determines that students need more or less time in a specific area to demonstrate proficiency in the Texas Essential Knowledge and Skills (TEKS) for that subject and grade level, the District will not penalize the teacher for not following the District's scope and

sequence.

The District may take appropriate action if a teacher does not follow the District's scope and sequence based on documented evidence of a deficiency in classroom instruction. This documentation can be obtained through observation or substantiated and documented third-party information.

Technology Resources

Policy CQ

The District's technology resources, including its networks, computer systems, email accounts, devices connected to its networks, and all district-owned devices used on or off school property, are primarily for administrative and instructional purposes. Limited personal use is permitted if the use:

- Imposes no tangible cost to the District.
- Does not unduly burden the District's technology resources.
- Has no adverse effect on job performance or on a student's academic performance.

Electronic mail transmissions and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use.

Employees are required to abide by the provisions of the District's acceptable use agreement and administrative procedures.

Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary and legal action. Employees with questions about computer use and data management can contact the Technology Director at 830-778-4012.

All district employees are required to sign the Employee Agreement for Acceptable Use of Electronic Communication System (AUP). Signed agreements are to be kept on electronic files at the Human Resources Department.

Personal Use of Electronic Communications

Policy CQ, DH

Electronic communications include all forms of social media, such as text messaging, instant messaging, electronic mail (email), web logs (blogs), wikis, electronic forums (chat rooms), video-sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Twitter, LinkedIn, Instagram). Electronic communications also include all forms of telecommunication such as landlines, cell phones, and web-based applications.

As role models for the District's students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic communications as they are for any other public conduct. If an employee's use of electronic communications interferes with the

employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic communications for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the District's computers, network, or equipment.
- The employee shall limit use of personal electronic communication devices to send or receive calls, text messages, pictures, and videos to breaks, mealtimes, and before and after scheduled work hours, unless there is an emergency or the use is authorized by a supervisor to conduct district business.
- The employee shall not use the District's logo or other copyrighted material of the District without express written consent.
- An employee may not share or post, in any format, information, videos, or pictures obtained while on duty or on district business unless the employee first obtains written approval from the employee's immediate supervisor. Employees should be cognizant that they have access to information and images that, if transmitted to the public, could violate privacy concerns.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - Confidentiality of student records. [See *Policy FL*]
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law. [See *DH (EXHIBIT)*]
 - Confidentiality of district records, including educator evaluations and private email addresses. [See *Policy GBA*]
 - Copyright law [See *Policy CY*]
 - Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See *DH (EXHIBIT)*]

See *Electronic Communications between Employees, Students, and Parents*, below, for regulations on employee communication with students through electronic media.

Electronic Communications between Employees, Students, and Parents

Policy DH (LOCAL)

A certified employee, licensed employee, or any other employee designated in writing by the Superintendent or a campus principal may use electronic communication, as this term is defined by law, with currently enrolled students only about matters within the scope of the

employee's professional responsibilities.

Unless an exception has been made in accordance with the employee handbook or other administrative regulations, an employee shall not use a personal electronic communication platform, application, or account to communicate with currently enrolled students.

Unless authorized above, all other employees are prohibited from using electronic communication directly with students who are currently enrolled in the District. The employee handbook or other administrative regulations shall further detail:

1. Exceptions for family and social relationships;
2. The circumstances under which an employee may use text messaging to communicate with individual students or student groups;
3. Hours of the day during which electronic communication is discouraged or prohibited; and
4. Other matters deemed appropriate by the Superintendent or designee.

An employee shall have no expectation of privacy in electronic communications with students. Each employee shall comply with the District's requirements for records retention and destruction to the extent those requirements apply to electronic communication. [See CPC]

The following definitions apply for the use of electronic media with students:

- *Electronic communications* means any communication facilitated by the use of any electronic device, including a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. The term includes email, text messages, instant messages, and any communication made through an Internet website, including a social media website or a social networking website.
- *Communicate* means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or a blog) is not a *communication*: however, the employee may be subject to district regulations on personal electronic communications. See *Personal Use of Electronic Media*, above. Unsolicited contact from a student through electronic means is not a *communication*.
- *Certified or licensed employee* means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

Public Information on Private Devices

Policy DH, GB

Employees should not maintain district information on privately owned devices. Any district information must be forwarded or transferred to the District to be preserved. The District will take reasonable efforts to obtain public information in compliance with the Public Information Act. Reasonable efforts may include:

- Verbal or written directive
- Remote access to district-owned devices and services

Criminal History Background Checks

Policy DBAA

Employees may be subject to a review of their criminal history record information at any time during employment. National criminal history checks based on an individual's fingerprints, photo, and other identification will be conducted on certain employees and entered into the Texas Department of Public Safety (DPS) Clearinghouse. This database provides the District and SBEC with access to an employee's current national criminal history and updates the employee's subsequent criminal history.

Student Suicide Prevention Policy

Purpose

San Felipe-Del Rio Consolidated Independent School District ("SFDR CISD") recognizes that

physical, mental, behavioral, and emotional health are each important components of a student's educational outcomes. SFDRCSID further acknowledges that the Texas Youth Behavior and Risk Survey ("YBRS") indicates a 10-year trend of rising rates of suicide attempts, sadness and hopelessness among Texas youth. The purpose of this policy is to protect the health and well-being of all students by establishing procedures to prevent, assess the risk of, intervene in, and respond to suicide.

In accordance with Section 153.1013 of Title 19 of the Texas Administrative Code, SFDRCSID provides suicide prevention training to educators as required by Section 21.451(d) of the Texas Education Code. While SFDRCSID is not legally required to develop practices and procedures concerning student suicide prevention, the Board of Trustees has determined that this policy is in the best interest of students and is in furtherance of SFDRCSID's goal to provide an environment that fosters positive student development.

This policy is intended to be paired with other policies supporting the mental, behavioral, and emotional health of students. As part of that intention, this policy is meant to be applied in accordance with SFDRCSID's Child Find obligations under federal law.

Definitions

- a. "At risk": A student who is defined as high risk for suicide is one who has made a suicide attempt, has the intent to die by suicide, or has displayed a significant change in behavior suggesting the onset or deterioration of a mental health condition. The student may have thought about suicide, including potential means of death and may have a plan. In addition, the student may exhibit feelings of isolation, hopelessness, helplessness, and the inability to tolerate any more pain.
- b. "Crisis team": A multidisciplinary team of primarily administrative, mental health, safety professionals, and support staff whose primary focus is to address crisis preparedness, intervention/response, and recovery. These professionals have been specifically trained in crisis preparedness through recovery and take the leadership role in developing crisis plans, ensuring school staff can effectively execute various crisis protocols, and may provide mental health services for effective crisis interventions and recovery supports.
- c. "Mental health": A state of mental and emotional being that can impact choices and actions that affect wellness. Mental health problems include mental and substance use disorders.
- d. "Parent": The term parent includes a guardian or other person standing in parental relation.
- e. "Postvention": A crisis intervention strategy implemented after a suicide death in the school community designed to reduce the risk of suicide and suicide contagion, provide the support needed to help survivors cope, address the social stigma associated with suicide, and disseminate factual information.
- f. "Risk assessment": An evaluation of a student who may be at risk for suicide, conducted by the appropriate school staff (e.g., school psychologist, school counselor, or school

social worker). This assessment is designed to elicit information regarding the student's intent to die by suicide, previous history of suicide attempts, presence of a suicide plan and its level of lethality and availability, presence of support systems, and level of hopelessness and helplessness, mental status, and other relevant risk factors.

- g. “Risk factors for suicide”: Characteristics or conditions that increase the chance that a person may try to take his or her life. Suicide risk tends to be highest when someone has several risk factors at the same time. Risk factors may encompass biological, psychological, and or social factors in the individual, family, and environment. Warning signs may include declining academic performance, depression, anxiety, isolation, unexplained changes in sleep or eating habits, and destructive behavior toward self and others.
- h. “Self-harm”: Behavior that is self-directed and deliberately results in injury or the potential for injury to oneself. It can be categorized as either non-suicidal or suicidal. Although self-harm often lacks suicidal intent, youth who engage in self-harm are more likely to attempt suicide.
- i. “Suicide”: Death caused by self-directed injurious behavior with any intent to die as a result of the behavior. Note: The coroner's or medical examiner's office must first confirm that the death was a suicide before any school official may state this as the cause of death.
- j. “Suicide attempt”: A self-injurious behavior for which there is evidence that the person had at least some intent to kill himself or herself. A suicide attempt may result in death, injuries, or no injuries. A mixture of ambivalent feelings such as wish to die and desire to live is a common experience with most suicide attempts. Therefore, ambivalence is not a sign of a less serious or less dangerous suicide attempt.
- k. “Suicidal behavior”: Suicide attempts, intentional injury to self-associated with at least some level of intent, developing a plan or strategy for suicide, gathering the means for a suicide plan, or any other overt action or thought indicating intent to end one's life.
- l. “Suicide contagion”: The process by which suicidal behavior or a suicide influences an increase in the suicidal behaviors of others. Guilt, identification, and modeling are each thought to play a role in contagion. Although rare, suicide contagion can result in a cluster of suicides.
- m. “Suicidal ideation”: Thinking about, considering, or planning for self-injurious behavior which may result in death. A desire to be dead without a plan or intent to end one's life is still considered suicidal ideation and should be taken seriously.

Scope

This policy applies to actions that take place on school property during the school day, at

school-sponsored events, and on school buses or vehicles. This policy applies to the entire school community, including educators, staff, students, parents/guardians, and volunteers. This policy will also cover appropriate school responses to suicidal or high-risk behaviors that take place outside of the school environment of which school personnel become aware.

Prevention

Policy Implementation

The Superintendent shall designate a district-wide suicide prevention coordinator. The suicide prevention coordinator will be responsible for planning and coordinating SFDRCSISD's implementation of this policy.

Each school principal shall designate a campus-level suicide prevention coordinator to act as a point of contact in each school for issues relating to suicide prevention and policy implementation. All staff members shall report students they believe to be at elevated risk for suicide to the school suicide prevention coordinator.

Each campus-level suicide prevention coordinator shall assemble a crisis team for their school in accordance with definition provided above.

Staff Professional Development

All SFDRCSISD staff will receive suicide prevention training using an approved best practice-based program in accordance with Section 153.1013 of Title 19 of the Texas Administrative Code and Section 21.451(d) of the Texas Education Code.

Youth Suicide Prevention Programming

Developmentally-appropriate, student-centered education materials will be integrated into the SFDRCSISD curriculum. The content of these age-appropriate materials will include: 1) the importance of safe and healthy choices and coping strategies, 2) how to recognize risk factors and warning signs of mental disorders and suicide in oneself and others, and 3) help-seeking strategies for oneself or others, including how to engage school resources and refer friends for help. Schools may also provide supplemental small-group suicide prevention programming for students.

Publication and Distribution

This policy will be distributed annually and included in all student and employee handbooks and on the school website.

Assessment and Referral

When a student is identified by a staff person as potentially suicidal, *i.e.*, verbalizes about suicide, presents overt risk factors such as agitation or intoxication, the act of self-harm occurs, or a student self-refers, the student will be seen by a school counselor within the same school day to assess risk and facilitate outside care, as appropriate.

For youth at risk:

1. School staff will continuously supervise the student to ensure their safety.

2. The principal and campus suicide prevention coordinator will be made aware of the situation as soon as reasonably possible.
3. The school counselor or principal will contact the student's parent, as described in the Parental Notification and Involvement section, and will assist the family with obtaining outside care, as appropriate. If the parent(s) need assistance setting up an outpatient mental health or primary care appointment and communicating the reason for referral to the healthcare provider, the school counselor or principal shall obtain written permission to discuss the student's health with outside care and provide the family with assistance as appropriate.

SFDRICISD employees may not use a medical screening of the student as part of the process of identifying whether the student may be in need of suicide prevention intervention without the prior consent of the student's parent(s). Neither a SFDRICISD counselor nor any other employee may recommend the use of medication or suggest any particular diagnosis for a student.

If the school counselor or principal reasonably believes, in their professional capacity, that the student is at a substantial risk for suicide and the parent(s) do not respond with assurance that they will address the risk, the school counselor or principal may contact local emergency services as appropriate and consider the need for a report under Chapter 261 of the Texas Family Code. If the school counselor or principal takes such action under this paragraph, they shall document the factual bases that supported their reasonable belief in the student file.

If the school counselor or principal reasonably believes, in their professional capacity, that contacting the parent(s) and/or releasing the student to his or her parent(s) would create a substantial risk of suicide, the school counselor or principal may contact local emergency services as appropriate and initiate a report under Chapter 261 of the Texas Family Code prior to contacting the parent(s). If the school counselor or principal takes such action under this paragraph, they shall document the factual bases that supported their reasonable belief in the student file.

Outside Counselors

While SFDRICISD employees may provide resources regarding outside care to parents, SFDRICISD employees may not refer a student to an outside counselor for care or treatment of an emotional or psychological condition unless SFDRICISD:

- a. Obtains prior written consent for the referral from the student's parent;
- b. Discloses to the student's parent any relationship between SFDRICISD and the outside counselor;
- c. Informs the student and the student's parent of any alternative public or private source of care or treatment reasonably available in the area;
- d. Requires the approval of appropriate SFDRICISD personnel before a student may be referred for care or treatment or before a referral is suggested as being warranted; and

- e. Specifically prohibits any disclosure of a student record that violates state or federal law.

In-School Suicide Attempts

In the case of an in-school suicide attempt, the health and safety of the student is paramount. In these situations:

- a. First aid will be rendered until professional medical treatment and/or transportation can be received, following district emergency medical procedures.
- b. School staff will supervise the student to ensure his or her safety.
- c. Staff will move all other students out of the immediate area as soon as possible.
- d. Staff will immediately notify the principal or school suicide prevention coordinator regarding in-school suicide attempts.
- e. A school counselor or principal will contact the student's parent, as described in the Parental Notification and Involvement section.
- f. The school will engage as necessary the crisis team to assess whether additional steps should be taken to ensure student safety and well-being.

Re-Entry Procedure

For students returning to school after a mental health crisis (e.g., suicide attempt or psychiatric hospitalization), a school counselor, the principal, or designee will meet with the student's parent(s), and if appropriate, meet with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school.

- a. A school counselor will be identified to coordinate with the student, their parent(s), and any outside mental health care providers.
- b. A designated staff person will periodically check in with student to help the student readjust to the school community and address any ongoing concern.

Out-of-School Suicide Attempts

If a staff member becomes aware of a suicide attempt by a student that is in progress in an out-of-school location, the staff member will:

- a. Call the police and/or emergency medical services, such as 911.
- b. Inform the student's parent or guardian.

- c. Inform the campus suicide prevention coordinator and principal.

If the student contacts the staff member and expresses suicidal ideation, the staff member should maintain contact with the student (either in person, online, or on the phone). The staff member should then enlist the assistance of another person to contact the police while maintaining verbal engagement with the student.

Parental Notification and Involvement

In situations where a student is assessed at risk for suicide or has made a suicide attempt, the student's parent(s) will be informed as soon as practicable by the principal, designee, or school counselor. If the student has exhibited any kind of suicidal behavior, the parent(s) should be counseled on "means restriction," limiting the child's access to mechanisms for carrying out a suicide attempt. Staff will also seek parental permission to communicate with outside mental health care providers regarding their child, as appropriate.

Through discussion with the student, the principal or school counselor will assess whether there is further risk of harm due to parent notification. If the principal or counselor believes, in their professional capacity, that contacting the parent would endanger the health or well-being of the student, they may delay such contact as appropriate. If contact is delayed, the reasons for the delay should be documented. If the school counselor or principal delays contact to the parent under this paragraph, they shall document the factual bases that supported their reasonable belief in the student file.

If the principal or school counselor reasonably believe, in their professional capacity, that contacting the parent(s) and/or releasing the student to his or her parent(s) would create a substantial risk of suicide, the principal or school counselor may contact local emergency services as appropriate and initiate a report under Chapter 261 of the Texas Family Code prior to contacting the parent(s). If the school counselor or principal delays contact to the parent under this paragraph, they shall document the factual bases that supported their reasonable belief in the student file.

Postvention

- a. **Development and Implementation of an Action Plan.** The crisis team will develop an action plan to guide school response following a death by suicide. A meeting of the crisis team to implement the action plan should take place immediately following news of the suicide death. The action plan may include the following steps:
 - i) **Verify the death.** Staff will confirm the death and determine the cause of death through communication with a coroner's office, local hospital, the student's parent or guardian, or police department. Even when a case is perceived as being an obvious instance of suicide, it should not be labeled as such until after a cause of death ruling has been made. If the cause of death has been confirmed as suicide but the parent or guardian will not permit the cause of death to be disclosed, the school will not share the cause of death but will use the opportunity to discuss suicide prevention with students.
 - ii) **Assess the situation.** The crisis team will meet to prepare the postvention response, to consider how severely the death is likely to affect other students, and to determine which students are most likely to be affected. The crisis team will also consider how recently other traumatic events have occurred within the school community and the time of year of the suicide. If the death occurred during a school vacation, the need for or scale of postvention activities may be reduced.
 - iii) **Share information.** Before the death is officially classified as a suicide by the coroner's office, the death can and should be reported to staff, students, and parents/guardians with an acknowledgement that its cause is unknown. Inform the faculty that a sudden death has occurred, preferably in a staff meeting. Write a statement for staff members to share with students. The statement should include the basic facts of the death and known funeral arrangements (without providing details of the suicide method), recognition of the sorrow the news will cause, and information about the resources available to help students cope with their grief. Public address system announcements and school-wide assemblies should be avoided. The crisis team may prepare a letter (with the input and permission from the student's parent or guardian) to send home with students that includes facts about the death, information about what the school is doing to support students, the warning signs of suicidal behavior, and a list of resources available.
 - iv) **Avoid suicide contagion.** It should be explained in the staff meeting described above that one purpose of trying to identify and give services to other high risk students is to prevent another death. The crisis team will work with teachers to identify students who are most likely to be significantly affected by the death. In the staff meeting, the crisis team will review suicide warning signs and procedures for reporting students who generate concern.

- v) **Initiate support services.** Students identified as being more likely to be affected by the death will be assessed by a school counselor to determine the level of support needed. The crisis team will coordinate support services for students and staff in need of individual and small group counseling as needed. In concert with parents or guardians, crisis team members will refer to community mental healthcare providers to ensure a smooth transition from the crisis intervention phase to meeting underlying or ongoing mental health needs.
 - vi) **Develop memorial plans.** The school should not create on-campus physical memorials (*e.g.*, photos, flowers), funeral services, or fly the flag at half-mast because it may sensationalize the death and encourage suicide contagion. School should not be canceled for the funeral. Any school-based memorials (*e.g.*, small gatherings) will include a focus on how to prevent future suicides and prevention resources available.
- b. **External Communication.** The Principal or designee will be the sole media spokesperson. Staff will refer all inquiries from the media directly to the spokesperson. The spokesperson will:
- i) Keep the District suicide prevention coordinator and Superintendent informed of school actions relating to the death.
 - ii) Prepare a statement for the media including the facts of the death, postvention plans, and available resources. The statement will not include confidential information, speculation about victim motivation, means of suicide, or personal family information.
 - iii) Answer all media inquiries. If a suicide is to be reported by news media, the spokesperson should encourage reporters not to make it a front-page story, not to use pictures of the suicide victim, not to use the word suicide in the caption of the story, not to describe the method of suicide, and not to use the phrase “suicide epidemic” – as this may elevate the risk of suicide contagion. They should also be encouraged not to link bullying to suicide and not to speculate about the reason for suicide. Media should be asked to offer the community information on suiciderisk factors, warning signs, and resources available.

VANDALISM PROHIBITED

Any malicious attempt to harm or destroy District equipment or data or the data of another user of the District's system or of any of the agencies or other networks that are connected to the Internet is prohibited. Deliberate attempts to degrade or disrupt system performance are violations of District policy and administrative regulations and may constitute criminal activity under applicable state and federal laws. Such prohibited activity includes, but is not limited to, the uploading, downloading, or creating of computer viruses.

Vandalism as defined above will result in the cancellation of system use privileges and will require restitution for costs associated with system restoration, as well as other appropriate consequences. [See DH, FN series, FO series, and the Student Code of Conduct]

FORGERY PROHIBITED

Forgery or attempted forgery of electronic mail messages and/or signatures is prohibited. Attempts to read, delete, copy, or modify the electronic mail of other system users, deliberate interference with the ability of other system users to send/receive electronic mail, or the use of another person's user ID and/or password is prohibited.

INFORMATION CONTENT I THIRD-PARTY SUPPLIED INFORMATION

System users and parents of students with access to the District's system should be aware that, despite the District's use of technology protection measures as required by law, use of the system may provide access to other Electronic Communications Systems in the global electronic network that may contain inaccurate and/or objectionable material.

A student who gains access to such material is expected to discontinue the access as quickly as possible and to report the incident to the supervising teacher.

A student knowingly bringing prohibited materials into the school's electronic environment will be subject to suspension of access and/or revocation of privileges on the District's system and will be subject to disciplinary action in accordance with the Student Code of Conduct.

An employee knowingly bringing prohibited materials into the school's electronic environment will be subject to disciplinary action in accordance with District policies. [See DH]
