

The high school principal and the school counselor will consider a student's request to be released early for employment and will conduct a conference with the parent and student before acting on any application.

The following guidelines will apply to requests for early release related to employment:

1. The student must be eligible for graduation during the current school year.
2. The student must be enrolled in and passing all courses required for graduation at the time of the request for early release.
3. The student's conduct grade must be at least average in each class.
4. The student must meet attendance requirements in accordance with Board policy and state law.
5. The employer must agree to notify the school on any day the student does not report for work.
