### SFDR CISD Police Investigate Reports at Del Rio Middle School

Del Rio Middle School administration and SFDR CISD Police received several reports that a middle school-aged student, during the after school release from school, was seen pulling out what appeared to be a paint ball gun from his backpack. At no time was there a threat made by the student to anyone. SFDR CISD Police investigated the incident and confirmed that the student had an air-soft gun.

SFDR CISD and Del Rio Middle School want to reassure our employees, parents, students and our community that we will continue to remain vigilant and address any and all issues as they arise.

We ask parents to carefully monitor the items being brought to school, and continue to encourage your children to promptly report any incident or behavior that may appear inappropriate or threatening to their principal or security personnel.

Students and parents also need to be familiar with the SFDR CISD Student Code of Conduct, which outlines the District's rules and regulations regarding inappropriate behavior (to include prohibited items), and is required by state law and intended to promote school safety and an atmosphere for learning. We believe that students can make responsible decisions regarding their behavior when they understand the rules and the consequences of violating them.
