WHEREAS, the Board of Trustees of the San Felipe Del Rio Consolidated Independent School District understands that during the summer, needs exist for students and children within the District to be provided access to meals that they would normally be provided during the school year;

WHEREAS, the Board acknowledges that the San Felipe Del Rio Consolidated Independent School District operates a community meal program through the summer, known as the seamless summer option, to help meet the needs of students and children in the community;

WHEREAS, the Board further acknowledges that students and children in the community who attend the Del Rio Boys and Girls Club during the summer have been among those who have been served by the District's community meal program and, in previous years, such students and children have been able to walk to a nearby campus to receive meals but, this summer, such students and children do not have this option due to the distance to the nearest available campus, which is Del Rio High School;

WHEREAS, the Board desires that the students and children who attend the Del Rio Boys and Girls Club continue to be served by the District's summer community meal program, to include the provision of a District bus to transport students to and from the high school campus for the purpose of receiving meals from the community meal program offered during the summer, and wishes to direct the administration to reimburse the District's food service management company, SFE, to provide a District school bus for this purpose during the scheduled operation of the community meal program; and

WHEREAS, the Board finds that this action to ultimately pay for the use of a District school bus to provide transportation for students and children who attend the Del Rio Boys and Girls Club to and from the high school to receive meals through the summer community meal program serves an educational purpose and is in the best interest of students and families of the San Felipe Del Rio Consolidated Independent School District under Section 45.105(c) of the Texas Education Code, as this helps the District ensure that students and children continue to receive nutritious meals during the summer, which helps them remain healthy and engaged in activities that will ultimately benefit them when the students and children return to school for the 2025-26 school year.

NOW THEREFORE BE IT RESOLVED that the Board of Trustees of the San Felipe Del Rio Consolidated Independent School District authorizes the administration to ultimately pay for the cost of operating a District school bus for the purpose set forth above in his resolution during the 2026 summer break consistent with the dates of operation for the summer community meal program.
