

Team 4063 wins 2020 El Paso District Chairman's Award

While the season may have been cancelled, FIRST still wanted to honor the accomplishments of teams and judged its most important awards through essays. Presented by FIRST in Texas over livestream on Twitch.tv, Team 4063 was announced as winners of the 2020 El Paso District Chairman's Award. This is our 2nd Chairman's Award win in our team's history, and the 2nd year in a row we win it for the El Paso District Event. This will also be our team's 8th Blue Banner, continuing our streak to five years in a row we have won at least one Blue Banner. We are extremely proud of the work our students have accomplished, and send a huge thank you to our mentors, families, friends, volunteers, and community for their continued support.

Please see the official announcement, as well as a list of all winners from all Texas events, below. Keep an eye on the FIRSTinTexas YouTube channel for a video presentation of the awards (to be uploaded soon).

CHAIRMAN'S AWARD

The Chairman's Award is the most prestigious award at FIRST. It honors the team that best represents a model for other teams to emulate and best embodies the mission of FIRST. It was created to keep the central focus of FIRST Robotics Competition on the ultimate goal of transforming the culture in ways that will inspire greater levels of respect and honor for science and technology, as well as encouraging more of today's youth to become science and technology leaders.

FIRST in Texas congratulates all of our District Event Chairman's Award winners! Please be aware that plans for the FIRST in Texas District Championship Chairman's Award are still being finalized. Stay tuned for a future announcement.
