SFDR CISD TO IMPLEMENT NEW PROCESS FOR REGISTERING STUDENTS

Ordinarily, the Office of Student Services would be the location for parents to register their child for the start of school. However, this year SFDR CISD will be implementing safety precautions and an alternative process for enrolling new students to the District. Beginning June 8th, parents must first call the Office of Student Services to set up an appointment in order to register their child.

Staff members will guide parents through the next steps of the enrollment process which includes interviewing parents, explaining the types of documentation they will need to bring, and the temporary location where the final steps of the registration process will be completed. Depending on space and time availability, parents will be asked to meet with clerks at one of four locations across the community:

- ❖ Buena Vista
- ❖ North Heights
- ❖ Del Rio Middle School
- ❖ Garfield

New student registration will begin on June 8-July 31 for all grade levels. Parents are urged to first call the Office of Student Services at (830) 778-4170 to set up an appointment. Appointments will be taken Monday-Friday during the hours of 9:00 a.m. to 12 noon, and from 1 - 4 p.m. All visitors will be required to wear a cloth face covering or any non-medical grade face mask to their appointment.
