RAMS VARSITY BASKETBALL GAMES CANCELLED

The SFDR CISD Athletic Department has announced that it will cancel today's Rams varsity basketball game against San Angelo Central, and Friday night's game against South San Antonio out of an abundance of caution. Earlier today, SFDR CISD's Athletic Director Ricky Smith was notified by San Antonio's Cornerstone Academy that two of their basketball players have tested positive for COVID-19. The Rams basketball team played against San Antonio Cornerstone last Saturday. "Since we cannot determine for certain that these two players have come into close contact with the Del Rio varsity basketball team, we are taking immediate precautionary measures to cancel the next two games, self-quarantine and voluntarily test for COVID-19 in the coming days", stated Coach Smith. "Anyone who has purchased a ticket online for any of these games will get a full refund."

Any questions regarding ticket refunds may be directed to the SFDR CISD Athletic Department at 830-778-4350.
