SFDR CISD REAFFIRMS PLANS TO RESUME CLASSES IN JANUARY

SFDR CISD will resume classes as scheduled on Monday, January 4, 2021. The District's current plans include contacting campus staff on Friday, January 1st to assess and determine the number of classroom teachers or staff assigned to quarantine due to COVID-19. Face-to-face instruction will resume as previously planned on January 4th unless the number of staff required to quarantine as of January 1st is drastically different from what has been determined today.

To prevent further spread of the virus, parents are urged to keep their children at home if they are experiencing mild symptoms or live in a household that has been exposed to COVID-19. Students who remain at home will automatically be eligible to attend online classes. Parents should promptly notify their schools for information and further assistance.
