SFDR CISD RELEASES SURVEY TO SENIOR CLASS REGARDING PLANS FOR 2021 GRADUATION SURVEY EXTENDED TO FRIDAY, APRIL 16TH

Graduation is around the corner and SFDR CISD is looking to the Class of 2021 on what this year's commencement ceremony (or ceremonies) will look like. Earlier this week, high school seniors were issued a one-question survey asking for their feedback on which graduation option they would prefer. As of Tuesday, only a small fraction (approximately 230) of the graduating class has responded.

In order to better plan for graduation with current social distancing measures, students are asked to choose one of two available options. Option 1 calls for one graduation ceremony for the entire graduating class. Each student would receive 2 guest passes. Option 2 calls for two graduation ceremonies separating the graduating class in half and allowing each senior to receive 4 guest passes.

SFDR CISD has chosen to extend the survey through 4 p.m. on Friday, April 16th to allow the Class of 2021 the opportunity to discuss this event with their families and time to post their opinion.

Seniors can respond to the survey by accessing the link sent to their school e-mail address.

The results of this survey will help in determining which option is the most favored and allow administration to finalize this year's plans for graduation.
