

Pathways in Technology Early College High School Health Science Academy Written Admission Policy

Admission Requirements

- P-TECH is open to all 8th grade students, including various private and charter schools, who will be SFDR CISD students in their 9th grade year.
- A counselor will complete the 4-year plan with the upcoming 9th grader, and an enrollment form will be completed for each student entering the P-TECH Health Science Academy.
- ***Please note: If a student is selected in the Early College High School lottery, they can still be in Health Science, however, they will not be considered P-TECH. A student cannot be both ECHS and P-TECH, as per TEA guidelines.***

Selection Process and Admission into P-TECH

- All students that have interest in the Health Care Therapeutics program of study will be enrolled in the P-TECH Health Science Academy. The students will be placed in a cohort of students and will have Principles of Health Science, BIM 1 and Biology with other Health Science P-TECH students.

It is the policy of SFDR CISD not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its Career and Technical Education programs, services or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and section 504 of the Rehabilitation Act of 1973, as amended.

Please rank the following programs of study in the order of your interest (1 being most interested)

_____ Certified Medical Assistant (CMA) _____ Emergency Medical Technician (EMT)
_____ Certified Nurse Assistant (CNA) _____ Phlebotomy and Electrocardiogram (EKG)

By enrolling into the P-TECH Health Science Academy, I understand that P-TECH classes include:

- a rigorous health science classroom environment to prepare students for entrance into their desired program of study and future career goals. Therefore, I will give 100% to my academic coursework.
- attendance at Summer Bridge program to introduce students to cohort and classroom expectations (this will occur for 1 week in June 2021 – attendance is **highly recommended**)
- the requirement of at least **1 dual credit class** by the end of my junior (11th grade) year
- student support services as needed for academic coursework
- work-based learning experience in each grade level

Student Signature **Date**

As a parent, I understand that I serve as a partner in helping my student succeed in their P-TECH classes. Therefore, as a parent, I agree:

- to encourage and support my student to complete all coursework in a timely manner
- that attendance is extremely important and necessary for success in academic classes
- to be present for any and all student/parent meetings, to include parent/teacher conferences, if needed.
- that my student will attend Summer Bridge for 1 week in June 2021, as attendance is **highly recommended**

Parent Signature **Date**
