

Information for GT Families!

What is the Gifted Education Family Network (GEFN)?

- Nonprofit 501(c)(3) founded in 2020 to support excellence and equity in Texas GT education
- Membership is FREE so that ALL Texas GT families can join
- We bring you the latest recommendations for GT parenting and GT education through our partnerships with Texas GT experts at Baylor, A&M, UNT, Prairie View A&M, and Texas State
- We partner with the Texas Association for the Gifted and Talented to advocate for GT education at the state level
- We're run entirely by parent volunteers and funded by sponsorships and donations

How will joining as a member help your family?

- Access a statewide support network of GT families – come meet other parents with children like yours!
- Receive an e-newsletter with timely articles, access online resources, and gain access to live parent events, all free or low-cost with scholarships available
- Important alerts about legislative advocacy – help make sure GT programs continue getting support from the state of Texas!
- If your district doesn't have a local GT parent group, we can help you start one!
- Add your voice to show Texas leaders that GT students and their needs must remain important priorities in public education

How can you join?

Visit giftededucationfamilynetwork.org and click "subscribe" to join and receive our news! After subscribing, to join our private discussion group, visit www.facebook.com/groups/texasgiftedsupport.

We look forward to connecting with you!
