Parent Authorization for Release of Kindergarten Student

Student safety is always of the utmost importance. SFDR-CISD strives to ensure that eligible students are transported safely to and from their school campuses and homes. District policy requires that an authorized parent/guardian or designee must be at the bus stop to receive Pre-Kindergarten(PK) through 2nd Grade children. However, if the parent/guardian has a **Kindergarten** child, and the child has a sibling in the 3rd, 4th or 5th grade, and rides on the same assigned bus, then the parent/guardian may authorize a release to have the older child take responsibility for the younger child.
