WHAT YOU NEED

1. Balloon

For the stress ball you get your balloon and open the top to put what you have inside. (if you are using flour you should use a funnel) once you have the material inside, get the balloon, tie it up, and then you can start playing with it and enjoy! Have fun playing with your D.I.Y stress ball!

Harriet Tubman

By: Brynnlee Bingham

Harriet Tubman was famous for helping hundreds of slaves escape the South to find their freedom in the Northern states. She was a conductor for the Underground Railroad. It actually wasn't a real railroad. This "Unground Railroad" was like a train. A group of people would walk across the country. They stopped at friendly houses to hide during the day and followed the North star at night. She saved 300 people from slavery. Harriet Tubman has been a hero to all.

Texas New Rules

By: Lauryn Jimenez

On March,10 Gov. Greg Abbot announced a shocking decision. Mask requirements will no longer be needed! He also announced that restaurants will operate at full capacity to the point where everyone is welcome. On the other hand some people don't agree with the governors decision. For example the Centers for Disease Control, otherwise known as the CDC. The CDC's purpose is to protect the nation from health threats. The CDC believes this is not the time to release all mask wearing restrictions, they would like to vaccinate the public before officially opening the other states.
