

SAN FELIPE DEL RIO CISD

Press Release – May 12, 2023

LOCAL LAW ENFORCEMENT INVESTIGATING REPORTS OF A TEXT MESSAGE WARNING OF POSSIBLE THREAT

Del Rio, Texas – Our local law enforcement community (Del Rio PD, VVC Sheriff's Office, and SFDR Police) have been working throughout the night investigating leads to the origins of a text message and social media postings that have been circulating warning of a possible threat to different schools here locally, in Eagle Pass and in Uvalde.

Unfortunately, as the anniversary of the Uvalde tragedy approaches, we will see more people wanting to scare and disrupt our schools. Please know that we will not dismiss any threat and will ensure our teachers are vigilant and that your students are safe. Also know that if the authors of these messages are found, SFDR CISD will pursue criminal charges to the fullest extent.

Most importantly, as is our protocol, we will continue to assign a police officer on campus. Our local law enforcement community has pledged to increase their patrol at all our schools.

We continue to thank our students, parents, and the broader community for reporting these types of incidents. Please remember, if you See Something, Say Something!

Together, We Are Better!
