
Note: For purposes of this regulation, the term “campus charter” includes a program charter.

APPLICATION
TIMELINE

The Superintendent will advertise in August an informational meeting for anyone expressing interest in establishing a campus charter to begin the following school year. The Superintendent or designee will meet with interested parents and teachers to discuss proposals for a campus charter.

In October, applicants will submit a draft of the application to the Superintendent. The Superintendent or designee will then assist the applicants in completing the application process.

Prior to the final deadline, a public forum will be held to allow the applicants an opportunity to present their proposals to the community and members of the Board and to respond to questions about their proposals.

For submission deadlines on final applications and petitions for campus charters, see EL(LOCAL).

The Board will consider all charter applications and petitions at a March meeting.

PETITION

The District will supply the necessary application and petition forms. For purposes of this petition, *[define the voting entitlement, i.e., only one parent will be permitted to sign for each family, a parent will be permitted to sign for each student in the family, or more than one parent within a family will be permitted to sign]*.
