Press Release – May 5, 2023

THREATS ON SNAP CHAT FOUND TO ORIGINATE FROM FLORIDA - SCHOOL DISTRICT STUDENTS ARE SAFE

Del Rio, Texas – The SFDR CISD Police Department, Del Rio Police Department, and the Val Verde County Sheriff's Department have received multiple reports of a threat to shoot up schools. Through their investigation, they have determined that the posting being circulated amongst local middle school and high school students on the Snap Chat social media platform is the exact same message that was being shared in the state of Florida. Investigators in Florida have since ruled the message as a hoax.

“The investigation identified that the posting was originated in Florida has since been identified as non-credible by officials in that state. We want to reassure everyone that there is no credible threat to the students in our district”, explained SFDR CISD Police Chief Faz. District and local police will remain vigilant throughout the school day on Friday.

We would like to thank our parents and community for reporting these incidences as they are extremely important to us. We will continue to remain vigilant and address any and all issues as they arise.

Together, We Are Better!
