

SAN FELIPE DEL RIO CISD

Press Release – November 19, 2021

NOTICE OF ANTICIPATED TRAFFIC CHANGE TO BUENA VISTA SCHOOL AREA

Beginning Monday, November 29, 2021 (beginning at 7 a.m.) part of Echo Valley Dr., northbound, from Amistad Blvd. to Quail Creek Dr., will become a one-way street.

After studying concerns with traffic surrounding Buena Vista Elementary, which included the loss of access to nearby parking lots, the District initiated a traffic study to determine solutions to improve traffic in the area. Based on findings and the need to ensure the safety of students and the pedestrians in the area, the District petitioned the City of Del Rio to create the one-way traffic on Echo Valley. To further improve traffic in this area, SFDR CISD will be expanding the existing parking lot at Buena Vista Elementary before the end of the school year. We expect that these solutions will bring prompt relief to the area.

Letters and notices were issued to parents, neighbors, churches, and businesses in the surrounding area throughout the course of this week. SFDR CISD reminds parents that this change will take effect when students return from the Thanksgiving holiday.

Together, We Are Better!
