Long Term Program Goals

- Enhance children's language development.
- Enhance the health, mental health and well being of the families and children served by the program.
- Enhance the quality of relationships within families.

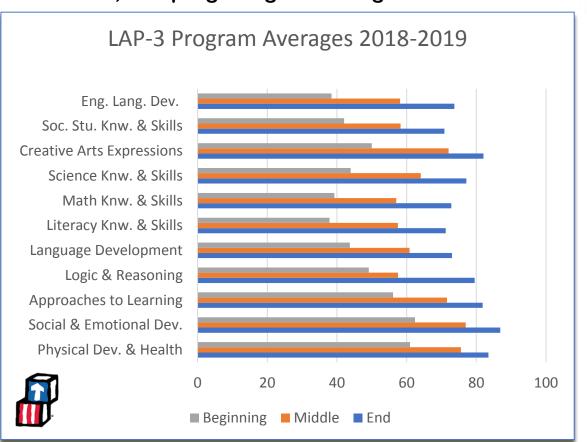

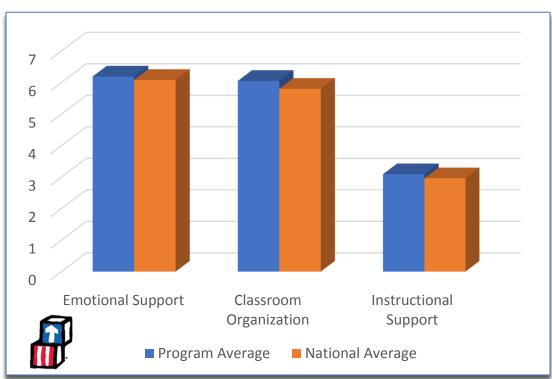

In accordance with the most recent Head Start Performance Standards, our School Readiness Goals are appropriate for the age, culture, and language of the children that we serve. Our School Readiness Plan is aligned with the 2015 HSELOF - Head Start Early Learning Framework, our Texas Pre-K Guidelines, and our School Readiness Advisory Committee recommendations. These goals are reflective of the ages of children we serve and are monitored through ongoing assessment and tracking.

Program staff assure that every student is assessed appropriately within the first 30 days. Within the first 20 days a mental health screener as well as a curriculum designed initial screener are administered. The first formal evaluation is performed within the first 30 days to be able to identify specific targets to implement individualized instruction.

The LAP-3 Assessment is an approved developmental tool that is administered 3 times yearly to identify and inform parents of their child's ongoing progress. The assessment data is utilized for instructional planning and other purposes, such as individualization, specialized instruction, and program goal setting.

SSESSMENT DATA

The CLASS instrument (Classroom Learning Assessment) is administered twice a year. Assessment administration includes 2 twenty-minute observation cycles per teacher. This tool is utilized to measure the quality of teacher-child interactions and assists in identifying specific individualized targets for the teacher to focus on for professional development. It focuses on 3 major domains that support high quality practices within the classroom.

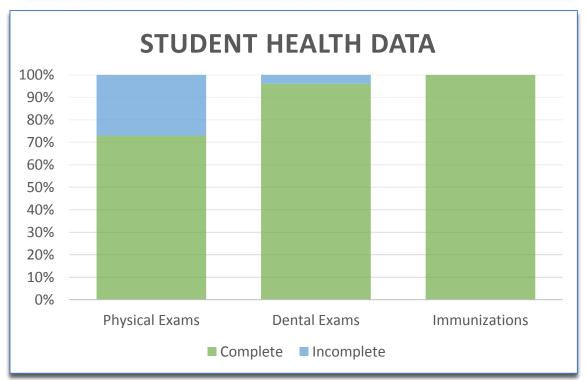

San Felipe Del Rio CISD Head Start serves approximately 1000 + family- style meals daily. San Felipe Del Rio Food service provides nutritional balanced meals each day and ensures that all children gain a full understanding of the relationship between proper eating and good health. The goal is to provide our children with nutritious, flavorful, and well-balanced meals.

ZOLYNI ZO

San Felipe Del Rio Head Start children receive health screenings on site. The health screenings help us determine how to best meet the child's needs. The screenings include: hearing, vision, height, weight, and developmental assessment. On site student trainings for dental hygiene done yearly by HSAC member, Amigo Children's Dental-Dr. Howard Hunt.
