

SAN FELIPE DEL RIO CISD

Press Release – September 15, 2022

NOTICE OF TEMPORARY SUSPENSION OF WIFI DURING TESTING WINDOWS

SFDR CISD's schools will soon begin participating in online administrations of state assessments (STAAR, EOC and TELPAS) this school year. In order to maintain an optimal testing environment and security during test administration, the District will suspend access to the District's Wifi on all personal devices during each scheduled testing window throughout the school year.

The first testing window is scheduled for September 19, 2022 through September 26, 2022. Wifi access will resume the day after each test window has ended.
