# Del Rio High School Class of 2017

Sergio Trevino – Valedictorian

With a GPA of 5.026. He is the son of James Howley and Kimberly Fields. He will be attending Texas A&M University. Total scholarship: \$31,000. He plans on majoring in Aerospace Engineering. With this major, he plans to acquire a job in the aerospace engineering field in which he will be able to design such things like aircraft and satellites. In a broader sense, with a degree in engineering, Sergio

hopes to be able to find solutions to problems and create new products, idea, and ways of doing things that will create great and positive changes in the world. Through the dual credit program, he has obtained 42 college hours and has taken 6 Advanced Placement (AP) courses. He was awarded a 1st place medal for the Skills USA Related Technical Math District Competition, 1st place superior ribbon for the Skills USA Welding Project Category at the state competition. As a member of the FRC robotics team 4063, won the Bayou and Alamo Regional Competition in 2017, received the National Hispanic Scholar award, was a United States President Scholar semifinalist, and received the National Academy of Future Scientists and Technologists Award of Excellence. Sergio was a member of FRC robotics team 4063, a member of the Skills USA Welding Team and a member of the Del Rio Pride Leo Club. He served as the Skills USA Welding Team Vice President. His favorite high school memory is being recognized alongside my mom as a National Hispanic Scholar at a home football game. He would like to thank his parents for always supporting him and encouraging him to do his best at everything he does. His favorite quote is "Hard work beats talent, when talent doesn't work hard."

### Del Rio High School Class of 2017

Megan Boenicke - Salutatorian

With a GPA of 4.668. She is the daughter of Conice and Kristen Boenicke. She will be attending Baylor University. Total Scholarship: \$78,500. She plans to major in biology. With this major she plans to apply to veterinarian school and become a small town vet. Megan has taken 11 Advanced Placement (AP) ourses. She was awarded various cross country awards including District 29-6A All District

Honorable Mention, Academic All-State Team, District 29-6A All District Second Team, Academic All-State Team, and Female Athlete of the Year. Megan was a member of the DRHS National Honor Society, National Technical Honor Society, and an active member of the First United Methodist Church Youth Group. She was the president of the DRHS National Honor Society. Her favorite high school memory is running in the mud for State competition in her junior year, washing off in a puddle to be able to get back on the bus, then taking 3-minute showers at the hotel afterwards. She would like to thank her parents for always supporting her whether it was academically or athletically or spiritually. She wouldn't be who she is today without them. Her favorite quote is "She is clothed in strength and dignity and she laughs without fear of the future." - Proverbs 31:25

#### Fine Arts

The San Felipe CISD and the Fine Arts Department believe that a Fine Arts education is essential for the development of the whole child. The arts provide students with unique experiences that allow them to explore their passions, maximize their creativity and critical thinking skills, and learn valuable lessons about self-motivation, dedication, team work, and communication. San Felipe Del Rio CISD is dedicated to providing an arts-rich education for every student. Fine Arts education is available at all 12 schools serving all of the district's 10,500 students.

Beginning in the elementary grades SFDRCISD students have multiple opportunities to develop their artistic and musical talents. Secondary schools throughout the District offer many different fine arts strands for students to pursue:

- Band
- · Choir
- Orchestr
- Jazz
- Mariachi Dance
- Theatre
- Visual Arts

#### **Athletics**

San Felipe Del Rio CISD's Athletic Program takes pride in providing opportunities for athletes, teams and coaches to reach their highest potential both on and off the playing field. Our educational commitment is academics first and then athletics. We strive to model and instill in our athletes accountability, responsibility, respect, dedication, commitment to a cause, and the belief that there are no short cuts to success. The team concept in competitive sports provides many opportunities to learn and apply to life skills such as trust, working together, communication, and reaching our physical and mental limitations and abilities. San Felipe Del Rio CISD offers a variety of sports activities for young athletes at the JV and Varsity levels such as football, volleyball, basketball, tennis, golf, baseball, softball, soccer, cross-country, cheer, athletic training, track, powerlifting and swimming.

# San Felipe Del Rio **Consolidated Independent School District** Del Rio, Texas

# 2017 - 2018 **District Academic Brochure**

### VISION

It is the vision of San Felipe Del Rio Consolidated Independent School District to provide a safe and nurturing environment where all students become contributing citizens prepared to compete in an ever-changing world.

# SFDRCISD SHARED BELIEFS We believe:

- · It takes a united community to produce citizens with 21st century skills.
- · Our community should provide a safe, nurturing, and trusting environment.
- Each individual should be inspired and inspire others to exceed their own expectations.
- · Each individual should be motivated to take ownership of their own learning.

• We must provide EVERYONE with the resources to meet the individual needs of all students

#### DISTRICT GOALS

#### **District Goal 1:**

The district shall maintain a safe environment, utilize quality curriculum and diverse instructional opportunities to ensure student achievement at the highest standards of excellence.

### District Goal 2:

The District shall be a good steward of the community's resources - financial, human, facilities - and explore new opportunities for organizational efficiency and effectiveness.

# District Goal 3:

The District shall provide meaningful and effective communication in a timely manner to all parents, students, staff, and District Partners.

- SFDRCISD Early College High School

Student Guidance & Learning Center

#### Middle Schools

- · North Heights Elementary
- Dr. Fermin Calderon Elementary
- Lamar Elementary
- Ruben Chavira Elementary

# **FOUNDATION & MARQUEE ACADEMIC PROGRAMS**

#### **Bilingual Academies**

**AIGHTIER** 

 $\mathsf{NAF}$ 

San Felipe Del Rio CISD's reform of the Bilingual Program provides new opportunities for teachers to routinely implement purposeful linguistic accommodations through tiered classroom instruction for ELL students throughout the course of the school year. San Felipe Del Rio CISD is proud to offer Bilingual Academies for recent immigrants and students who demonstrate limited beginning or intermediate level of English language proficiency at four elementary campuses across the district. Located at Buena Vista Elementary, Dr. Lonnie Green Elementary, Garfield Elementary and Ruben Chavira Elementary, academy students are provided specialized and intensive support until they have reached an advanced level of English proficiency, or have participated in the program for two consecutive academic years of study.

English learners who demonstrate an advanced or an advanced-high level of proficiency are also provided intensive linguistic support at their home-based campuses while they continue to make progress and master proficiency of the English language.

#### **Power Hour/Power Block**

Power Hour provides all K-12 students with the support, resources and guidance necessary to guide students to achieve academic success in reading skills and comprehension. The program operates on the belief that a child's progress depends upon open communication, routine support and progress monitoring between students, staff, and parents. Many of the children attending the program consistently achieve grade level improvements as seen through their formal school assessments, STAAR test scores and report cards.

### The Blended Academy

San Felipe Del Rio CISD's Blended Academy offers Del Rio's middle and high school students a non-traditional learning environment. The Blended Academy implements a customized, individualized and personalized standardsbased instructional environment using multiple models of blended learning. In order to help decrease the failure rate, teachers transform their traditional teaching styles to innovative and personalized 21st century blended instructional models with the smart use of technology. Our goal is to increase the graduation rate among our students. Supported by district leadership, school board and community, the District has initiated the first steps in a reformed approach to provide a personalized blended learning system for our students by providing a dedicated brick and mortar location at the Blended Academy.

#### Gifted & Talented

The state's goal for G/T students is to ensure that those students who participate in G/T services demonstrate skills in self-directed learning, thinking, research, and communication. Beginning the 2017-2018 school year, San Felipe Del Rio CISD will initiate a redesigned plan to establish a protocol for services that leads 1st-12th grade G/T students to a pathway of depth and complexity beyond the general curriculum. San Felipe Del Rio CISD currently offers G/T and advanced level students multiple opportunities to develop innovative products and sophisticated performances that reflect individuality and creativity and are targeted to audiences outside the typical classroom.

## **Career & Technical Education**

San Felipe Del Rio CISD's Career and Technical Education (CTE) programs offer a sequence of courses that provides students with coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare them for further education and careers in current or emerging professions. San Felipe Del Rio CISD proudly offers many options and sequential course offerings within the following CTE clusters:

- Architecture & Construction Technology
- · Arts, Audio Visual Technology & Communications
- Business Management & Administration
- Education & Training
- Finance
- Health Science
- Hospitality & Tourism
- Human Services
- Information Technology
- · Law, Public Safety, Corrections & Security
- Manufacturing
- Science, Technology, Engineering, Mathematics (STEM) and;
- Transportation, Distribution & Logistics

San Felipe Del Rio CISD is proud to offer a state-of-theart Career and Technical Education Center which offers a series of courses that provides students with rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare them for further education and careers and emerging STEM professions.

# SFDRCISD Early College High School

college preparatory dual enrollment high school program strategically designed to fulfill and exceed college and university admission requirements. It is an academic program intended to enable students to pursue postsecondary education at a community college, four-year college, or university. ECHS is the creation of a strong and influential college bound culture with high expectations for all students. The program is structured to provide successful, challenging, and meaningful experiences for students. Students are offered not only the opportunity to earn a high school diploma and meet university entrance requirements, but they also take college courses though Southwest Texas Junior College (SWTJC) and Angelo State University (ASU) for which they receive college units through dual enrollment. ECHS has a maximum population of one hundred students per grade level, allowing for smaller class sizes, frequent opportunities for individual participation, and personalized attention from faculty and staff. By changing the structure of the high school years and compressing the number of years to a college degree, Early College High School improves graduation rates and better prepares students for entry into high-skill careers.
