Press Release – May 17, 2023

DRHS STUDENTS RECEIVE CET CERTIFICATIONS

A total of six students from the Career and Technical Education (CTE) Program at Del Rio High School have received their Certified EKG Technician (CET) certification through the National Healthcareer Association (NHA). This dual credit program in collaboration with Southwest Texas Junior College awards three (3) college credit hours upon completion of the course.

As a Certified EKG Technician (CET), students have gained experience in the following areas to include: safety, compliance, and coordinated patient care, EKG acquisition, and EKG analysis and interpretation.

The students include: Camila Cervera, Ann Markowitz, Daniel Peterson, Mackenzie Pulliam, Herminia Rodriguez, and Robert Valadez. The CET program is one of five health science capstone programs offered in the CTE Health Science cluster. The Health Science and CET program instructor is Antoinette Conrad, RN.
