

## **SGLC – Path to Success**

### **Our Mission**

To provide a safe, nurturing, and structured learning environment, while fostering positive behavior change for students who have been removed from their regular school setting. We are committed to high-quality, innovative curriculum to help students acquire the academic, social and emotional skills necessary to successfully reintegrate into their home school and community.

### **Vision**

The Student Guidance and Learning Center (SGLC) vision is to empower students to excel and rise above their circumstances and make intentional choices to better themselves.

### **Purpose**

The purpose of SGLC as an alternative to suspension or expulsion, is to provide a temporary student placement to provide for behavior management that is separate from all other students in the district.

SGLC personnel strive to provide quality, relevant instruction in accordance with district standards and policies. We strive to be a disciplinary alternative education program that will be a distinguished program where staff members collaborate using varied strategies and innovations to ensure all students' academic, social and behavioral successes.

### **Creed – Moto**

I am a champion, and I believe in myself!
